

## Volunteer at KLF!

KLF is currently in need of volunteers to pack food boxes and pantry orders. Due to the COVID-19 outbreak, however, KLF is limiting the number of volunteers on-site and has extensive safety measures in place. These include:

- Our facility is currently closed to the public. Any service to the community is provided through curbside service and provided by staff members.
- Masks, gloves, and sanitizer are available to all volunteer while in the facility.
- Anyone entering the building must complete a daily health screening and have their temperature checked.
- Social distancing measures are being implemented, including limiting the number of volunteers per shift.
- Frequent cleaning and sanitation of the facility, including volunteer area—tables, door handles, sink handles, and other frequently touched surface.

**If you'd like to assist in our efforts, please email our Volunteer Coordinator at [ray@kzoolf.org](mailto:ray@kzoolf.org). Please include your availability. We are currently scheduling morning shifts Monday-Friday.**
