

Volunteer at KLF!

KLF is currently in need of volunteers to pack food boxes and pantry orders. Due to the COVID-19 outbreak, however, KLF is limiting the number of volunteers on-site and has extensive safety measures in place. These include:

- Our facility is currently closed to the public. Any service to the community is provided through curbside service and provided by staff members.
- Masks, gloves, and sanitizer are available to all volunteer while in the facility.
- Anyone entering the building must complete a daily health screening and have their temperature checked.
- Social distancing measures are being implemented, including limiting the number of volunteers per shift.
- Frequent cleaning and sanitation of the facility, including volunteer area—tables, door handles, sink handles, and other frequently touched surface.

If you'd like to assist in our efforts, please email our Volunteer Coordinator at ray@kzoolf.org.
